

CP Progress Check: Completing the Square to Find the Center and Radius (D2) Name: _____

Find the center and radius of the circle below. Show all work.

$$x^2 + y^2 - 3x - 10y - 13 = 0$$

CP Progress Check: Completing the Square to Find the Center and Radius (D2) Name: _____

Find the center and radius of the circle below. Show all work.

$$x^2 + y^2 - 3x - 10y - 13 = 0$$

HN Progress Check: Completing the Square to Find the Center and Radius (D2) Name: _____

Find the center and radius of the circle below. Show all work.

$$3x^2 + 3y^2 - 15x - 30y - 42 = 0$$

HN Progress Check: Completing the Square to Find the Center and Radius (D2) Name: _____

Find the center and radius of the circle below. Show all work.

$$3x^2 + 3y^2 - 15x - 30y - 42 = 0$$
